ONE-TIME QUOTED TOTAL

INR 50,000.00

GST: not applicable

One connected customer memory

Included services, boundaries and commercial terms follow on the next pages.

INCLUDED SCOPE

What you will receive

- 01** Natural-sounding WhatsApp voice-note and text replies for customer enquiries, in the supported languages configured for your business.
- 02** Lead questions, qualification and requirement capture through a natural conversation.
- 03** Shared customer history across WhatsApp and available verified Zoom notes, including needs, objections, praise and concerns.
- 04** Optional meeting booking through Zoom Scheduler, where customers choose from current availability.
- 05** Automatic quotation PDFs from your configured services and pricing, guarded quote follow-ups, and customer outcomes recorded in the workspace.
- 06** An owner action centre with customer-linked tasks, team visibility and next steps.

Assumptions and usage guidance

- 01** Rough monthly guide: around INR 6,999 for handling 500-1,000 customers. This is an indicative estimate, not a fixed fee, price cap or included allowance. Actual usage is billed separately with a cost breakdown and agreed service fees; there is no fixed monthly retainer.
- 02** Custom requirements are assessed in chat and priced in the tailored quotation. A meeting is optional and is not required to receive a quote.
- 03** Implementation depends on the agreed scope, suitable API access, vendor permissions and customer-provided business information. Voice cloning requires permission from the person whose voice is used.
- 04** The quotation is for the listed setup scope. Any material change is described and quoted before additional work is agreed.

Outside this quotation

- 01** Work not expressly included in this quotation.
- 02** Third-party subscriptions and variable vendor usage are separate from setup. Vendor bills paid directly by the customer are not charged again.
- 03** Live autonomous telephone calling is not part of this front desk offer.

INVESTMENT AND NEXT STEPS

A clear view of your quotation

Skillies AI core front desk

1 x INR 50,000.00 | One-time

Line total: INR 50,000.00

One business, one WhatsApp number and location: natural voice/text enquiry handling, shared customer memory, core lead qualification, catalogue-priced PDF quotes, guarded follow-ups, owner action centre and one Zoom Scheduler workflow. Includes configuration and testing of this core scope. Own-voice cloning and bespoke integrations are additional only when selected.

Subtotal: INR 50,000.00

GST: not applicable

Total: INR 50,000.00

One-time

Delivery timeline

The implementation schedule is confirmed after scope and required access are checked in chat, before work starts; a meeting is optional.

Payment terms

Payment milestones are agreed in writing before implementation starts. Ongoing usage is separate from setup and is shown with its billing basis; this quote does not impose a fixed monthly retainer.

Quotation validity

Valid until: 2026-09-27 06:12:04.476Z

Issued: 2026-09-13 06:12:04.476Z | Revision 1

Optional quotation walkthrough

If you would like a walkthrough, choose an available meeting time using the booking link below. A meeting is optional.
